

Full-time Care at Home

ARE YOU LOOKING for support for your elderly parents or relatives in their own home? Live-in Care might be the ideal solution as it means a qualified, vetted carer would live in your parent's home, providing support as required.

One such local example is that of Michael, whose daughter Clare contacted Access Care as her father has early stage Alzheimer's Disease and needed home support on returning from hospital.

Although Michael remains fairly independent at home where he enjoys many interests and long-walks, his family worked closely with the team at Access Care to ensure his specialist needs, companionship and housekeeping requirements would be met by their chosen carer. Their carer is Grace, and the ensuing relationship has developed into a close friendship, a source of great comfort to Clare.

Grace enjoys Michael's company

which has helped him to remain independent and live the life he wishes in his own home.

Live-in Carers not only help with tasks such as dressing, bathing, and prompting medication, but also cook nutritious meals, keep the house clean, do laundry, run errands, escort to appointments, help care for pets and provide friendly companionship.

Access Care is a family run specialist company based just

outside Stockbridge which has been providing peace of mind for families in Hampshire and further afield for more than 25 years. It arranges for quality, vetted carers to live with elderly parents and relatives in their own home and takes pride in offering clients a hand-picked selection.

Live-in Care can be arranged on a short or long-term basis and is available on a trial basis.
